TEST INSTRUCTIONS

- On each scheduled test day, the Google Form test link will be shared with all registered students through the designated communication channel.
- Each test will consist of 25 multiple-choice questions based on the topics specified for that particular test.
- Upon successful submission, a copy of your responses, score, and the correct answers will be automatically sent to your registered email address.
- Please ensure that you register with a valid email address and have a stable internet connection while attempting the test.
- Only one response per student will be accepted for each test.
